SEMESTER 2					
No	Course	Class type	Contact	ECTS	Credit type
			Total		
I	Foreign language 2	tutorials	36	3	credit with grade
II	PERSONAL AND SOCIAL DEVELOPMENT	module	32	3	credit with grade
	Personal and social development	lecture			
	Personal and social development	tutorials			
III	HUMANITIES AND SOCIAL SCIENCES 2	module	48	3	credit with grade
	Designing for contemporary times 2	lecture			
	History of design	lecture			
IV	AIDING DESIGN 3	module	68	4	credit with grade
	Drawing 2	tutorials			
	Basics of photographic vision 2	tutorials			
V	AIDING DESIGN 4	module	48	3	credit with grade
	Basics of Adobe 2	tutorials			
	Basics of Rhino 2	tutorials			
Human and environment					
I	Social sciences and humanities project 3	tutorials	20	2	credit with grade
II	Humanand environment	module	68	5	credit with grade
	Basics of object design	workshop			
	Technical drawing	tutorials			
	Basics of structural design	tutorials			
	Visual and colour analysis	tutorials			
Human and technology					
I	Social sciences and humanities project 2	tutorials	20	2	credit with grade
II	Humanand technology	module	68	5	credit with grade
	Material and texture-basics	workshop			
	Prototyping techniques	workshop			
	Social robotics and coding-basics	tutorials			
	System design-basics	tutorials			
Total contact hours and ECTS points			408	30	

SEMESTER 3					
No	Course	Class type	Contact	ECTS	Credit type
			Total		
I	Foreign language 3	tutorials	36	3	credit with grade
II	Physical education	tutorials	30	0	credit without grade
III	HUMANITIES AND SOCIAL SCIENCES 3	module	68	5	credit with grade
	Designing for contemporary times 3	lecture			
	Social sciences and humanities workshop 1	tutorials			
	Social sciences and humanities workshop 2	tutorials			
	Current debates about design 1	tutorials			
IV	AIDING DESIGN 5	module	60	5	credit with grade
	Design research	tutorials			
	2D design	tutorials			
	Drawing 3	tutorials			
	SPECIALTY: Industrial Design		180		
I	Social sciences and humanities project ID 1	tutorials	20	3	credit with grade
II	Process 1	module	60	5	credit with grade
	Robotics 1	tutorials			
	Ergonomics 1	tutorials			
	Parametric design 1	tutorials			
III	Technology 1	module	40	4	credit with grade
	Social robotics 1	tutorials			
	Creative coding 1	tutorials			
IV	Material 1	module	60	5	credit with grade
	Material and texture 1	workshop			
	Mechanical and structural design 1	workshop			
	Product design 1	workshop			
	Total contact hours and ECTS points		374	30	

SEMESTER 4					
No	Course	Class type	Contact	ECTS	Credit type
			Total		
I	Foreign language 4	tutorials	36	3	credit with grade
II	Physical education	tutorials	30	0	credit without grade
III	HUMANITIES AND SOCIAL SCIENCES 4	module	92	4	credit with grade
	Designing for contemporary times 4	lecture			
	Social sciences and humanities workshop 3	tutorials			
	Social sciences and humanities workshop 4	tutorials			
	Current debates about design 2	tutorials			
IV	Human Centered Design	module	24	1	credit with grade
V	AIDING DESIGN 6	module	60	5	credit with grade
	Drawing 4	tutorials			
	Materials science	tutorials			
	SPECIALTY: Industrial Design		180		
I	Social sciences and humanities project ID 2	tutorials	20	3	credit with grade
II	Process 2	module	60	5	credit with grade
	Robotics 2	tutorials			
	Ergonomics 2	tutorials			
	Parametric design 2	tutorials			
III	Technology 2	module	40	4	credit with grade
	Social robotics 2	tutorials			
	Creative coding 2	tutorials			
IV	Material 2	module	60	5	credit with grade
	Material and texture 2	workshop			
	Mechanical and structural design 2	workshop			
	Product design 2	workshop			
	Total contact hours and ECTS points		422	30	

SEMESTER 5					
No	Course	Class type	Contact	ECTS	Credit type
			Total		
I	English as a foreign language in professional applications	tutorials	16	1	credit with grade
II	Work placement 1 of 3 (270 h of 810 h)	work placement	270	9	credit with grade
III	SOCIAL SCIENCES AND HUMANITIES 5	module	64	4	credit with grade
	Social sciences and humanities workshop 5	tutorials			
	Design research 1	lecture			
	Trend forecasting	tutorials			
IV	AIDING DESIGN 7	module	40	3	credit with grade
	Sustainable design	lectures			
	Bionics / Screen printing	tutorials			
	SPECIALTY: Industrial Design		180		
I	Research project ID 1	tutorials	20	3	credit with grade
II	Process 3	module	60	3	credit with grade
	Product design 3	workshop			
	Robotics 3	tutorials			
	Parametric design 3	tutorials			
III	Technology 3	module	40	4	credit with grade
	Creative coding 3	tutorials			
	Social robotics and interaction 3	tutorials			
IV	Material 3	module	60	3	credit with grade
	Bionic systems / production technologies 1	tutorials			
	Open Design 1	workshop			
	Material and texture 3	workshop			
	Total contact hours and ECTS points		570	30	

SEMESTER 6					
No	Course	Class type	Contact	ECTS	Credit type
			Total		
I	Work placement 2 of 3 (270 h of 810 h)	work placement	270	9	credit with grade
II	HUMANITIES AND SOCIAL SCIENCES 6	module	64	3	credit with grade
	Design research 2	lecture			
	Social sciences and humanities workshop 6	tutorials			
	Brand and development strategy	tutorials			
III	AIDING DESIGN 8	module	40	3	credit with grade
	Colour studies	tutorials			
	Design process	tutorials			
	SPECIALTY: / Industrial Design		180		
I	Research project ID 2	tutorials	20	2	credit with grade
II	Process 4	module	60	4	credit with grade
	Product design 4	workshop			
	Robotics 4	workshop			
	Parametric design 4	tutorials			
III	Technology 4	module	40	5	credit with grade
	Creative coding 4	tutorials			
	Social robotics and interaction 4	tutorials			
IV	Material 4	module	60	4	credit with grade
	Mechanics and structure in design 2	lectures			
	Open Design 2	workshop			
	Material and texture 4	workshop			
	Total contact hours and ECTS points		554	30	

SEMESTER 7					
No	Course	Class type	Contact	ECTS	Credit type
			Total		
I	Work placement 3 of 3 (270h of 810h)	work placement	270	9	credit with grade
II	Diploma seminar - humanities 1	B.A. seminar	12	5	credit without grade
III	Diploma seminar - design 1	B.A. seminar	12	4	credit without grade
IV	BUSINESS PROJECT - elective 1 of 2	module	40	3	credit with grade
	Project 1 or 2	tutorials			
	Humanities and social sciences at work for the market 1 or 2	tutorials			
	SOCIETY PROJECT - elective 1 of 2	module	40	3	credit with grade
V	Project 1 or 2	tutorials			
	Humanities and social sciences at work for the market 1 or 2	tutorials			
VI	Social skills. Presentation techniques	tutorials	24	2	credit with grade
SPECIALTIES					
I	Professional profile 1	module	48	3	credit with grade
	Portfolio	tutorials			
	Branding	tutorials			
	Profession of designer: project valuation	tutorials			
II	Copyright	tutorials	16	1	credit with grade
Total contact hours and ECTS points			462	30	

SEMESTER 8					
No	Course	Class type	Contact	ECTS	Credit type
			Total		
I	Diploma seminar - humanities 2	B.A. seminar	12	12	credit with grade
II	Diploma seminar - design 2	B.A. seminar	12	12	credit with grade
SPECIALTIES					
I	Professional profile 2	module	64	6	credit with grade
	Preparation of project presentation	tutorials			
	Preparation of diploma project	tutorials
